Scorpions - You Give Me All I Need

```
Tom: C
Intro:
                  \                 \               \
\
(For playing intro chords use the same picking as in Holiday.)
(I didn't write the rest of the intro because you'll need an
electric guitar
for that part. Anyway I think it's quite easy, and the few
notes I wrote will
give you a very good idea to get the rest.)

SONG:
