

# Seafret - Breathe

Tom: G

Prove to me that you still feel it  
 Before I go start something new  
 No one knows what comes after this  
 But I, I've always hoped that it was you  
 Cause you're the one thing I believe in  
 When I lose faith in all I do  
 This paradise comes when I close my eyes  
 It's true, in the darkness I see you  
 Breathe  
 Don't you let that heart beat fall  
 No matter how far it goes  
 You'll always be where I belong  
 And I get a feeling when you're near me  
 Yeah I get a craving when you go  
 And getting clean was never easy  
 When the side affects all start to show

I have to breathe  
 I never held a heart before  
 No matter how far I'm thrown  
 You'll always be where I belong  
 I started adding up  
 Thought I was cracking up  
 Why did she look at him like that?  
 And I'm so sorry and I take it back  
 Cause when I add it up  
 I think we've got enough  
 And I'm so sorry I take it back  
 I'm so sorry for the way I act  
 I have to breathe  
 And never let the heart beat fall  
 No matter how far it goes  
 You'll always be where I belong  
 You'll always be where I belong
