Tom: F
Intro: F  Am  Em
          F  Am  Em

F
What doesn't kill you
Am                        Em
Makes you wish you were dead
   F
Got a hole in my soul growing deeper and deeper
Am                  Em
And I can't take
          F
One more moment of this silence
         Am                Em
The loneliness is killing me
Em                F                                      Am
And the weight of the worlds getting harder to hold up

F
It comes in waves, I close my eyes
Am
Hold my breath
Em
And let it bury me
F
I'm not ok, and it's not all right
Am
Won't you drag the lake
Em
And bring me home again

F                    Am
    Who will fix me now?
   Em            F
Dive in when I'm down?
          Am
Save me from myself
         Em       F
Don't let me drown
                 Am
Who will make me fight?
   Em          F
Drag me out alive?
            Am
Save me from myself
         Em       F
Don't let me drown

( F   Am  Em )

F
What doesn't destroy you
Am                        Em
