

Sean Riley & The Slowriders - This Woman

Tom: **D**

m

This woman is crazy **Dm** **G**
 Comes around now and then **C**
 And shouts some words at me **Am**

I can't remember where we met **Dm** **G**
 Up north near the border **C**
 Or down south by the sea **Am**

She's wrong most of the times **Dm** **G**
 But it's times when she's right **C**
 She really gets to me **Am**

[Refrão]

So I pray **C** **G**
 Not to see her again **Am**
 Everytime she comes around **F**

But I know it's not gonna be easy **G** **C** **G**

(Not to see her again) **Am**
 (Everytime she comes around) **F** **G**

I don't know where she is **F** **G**
 I don't know where she is now **F** **G**

She always finds a way to find me **F** **G**
 I can't run away, there's no way out **F**
 No way I'm gonna stay, another day **G**
