E - B - Gbm - A - B

[Verse]

E  
I?m feeling distracted  
And likewise attracted  
Dbm  
To all the things that you let me know  
B  
To all the things that you can?t let go

E  
You?re waiting for friction

The empty addiction  
Dbm  
Is forcing me to intervene  
B  
Let?s break out of this scene

[Chorus]

E B  
I know I?m not alone  
Gbm A B  
I?m not the only one who is broken  
E B  
And I know I?ll never let you go  
Dbm B  
I could watch the world pass by  
A Dbm  
Just as long as it?s you and I  
B E  
You and I

[Verse]

E  
I watch you take over  
I?ll give you this offer  
Dbm  
Take my hand and we will run away  
B  
Leave behind our past to stay  
E  
Decaying till it?s rotten  
We?ll have long forgotten  
Dbm  
The memories that will haunt your heart  
B  
Let?s tear this town apart

[Chorus]

I know I?m not alone

You and I

[Bridge]

Dbm B  
We watched the world go by  
A

Then we will never die

Then we will never die
