 Intro: D G A G
 D G A G

You take me high, out of the blue
 You're by my side, whenever I need you
 The way you smile, the way you move
 Why should I try, I can't get over you
 (D G A G)

All through the night, you take me on
 When we unite, I know where I belong
 When winter rains, i'll be your friend
 What we create, may last until the end

And through the time, that's passing by
 I hope you'll always be, you'll be forever
 The way you are, the way you are
 D G A G

Where mountains rise, i'll stand by you
 My heart assigned, like only lovers do
 If we're apart, i'll cross the sea
 Don't close your heart, this love was always free

[Solo] Bm E A Gbm G Em A Gb

And through the time, that's passing by
 I hope you'll always be, you'll be forever
 The way you are, the way you are

[Solo] D G A G

And if you leave, don't go too far
 In your beliefs, just be the way you are
 The way you are, the way you are
