

Seed - Beautiful

Tom: G

Me on clouds a light line breeze
 Rose wine, honey we've come clean
 Somehow we found our song
 You play the black, I play the white keys
 The night falls to hush the voice
 Purple flowers shadows and turquoise
 My satellite circles your sun
 Finding answers in the right noise

Waking up is beautiful when I am with you
 And I wonder yes I wonder why it's me that you choose
 Everything is beautiful, heaven for a fool
 And I wonder, girl, I wonder why it's me that you choose

I never thought I'd be like this
 In the palm of your hand, happily speechless
 You wear my shirt and just a devil smile

Bringing Mars closer to Venus
 Late at night, I watch you sleep
 You saved my life when no one believed
 You gave up diamonds for a rolling' stone
 Now I know what it means to be home

Waking up is beautiful when I am with you
 And I wonder yes I wonder why it's me that you choose
 Everything is beautiful, heaven for a fool
 And I wonder, girl, I wonder why it's me that you choose

(E7)

Without you, I'd surely lose my weight
 You come and get me out when I'm dizzy in the haze
 I'm having no doubt, so proud, I shout it all around
 It's you, baby, you turn my world around
 You quite underestimate the height of my flight
 I might be drifting out of sight so hold on to me
 Slap me, pinch me, tell me it's not a dream now
 Soak me, drench me in honey and cream

Waking up is beautiful when I am with you
 And I wonder, how I wonder why it's me that you choose
 Everything is beautiful when I am with you
 Since you love even though I'm a miserable fool
