This fear has me chilled

down to the bone

And I have been haunted by

these things I still have left to say

I'm reary of fighting this alone

So tired of holding on to

strings much better left left to fray

And I said

Hear me now here and now I'm calling

Memories wear me down and this

Seems so complicated

When all I want is just the truth

I'm wilted and faded after all

Too strung out and burnt out to be

Half the man that I could be

I'll never belong inside your world

So black out the sun and leave me

To play out the same old tragedy

And I said

Hear me now here and now I'm calling

Memories wear me down and this

Seems so complicated

When all I want is just the truth

And I said

Hear me now here and now I'm calling

Memories wear me down and this

Seems so complicated

When all I want is just the truth

You're my savior after all

Use your flame to guide me home

And then lay your hand on me

And I said

Hear me now here and now I'm calling

Memories wear me down and this

Seems so complicated

When all I want is just the truth

Hear me now here and now I'm calling

Memories wear me down and this

Seems so complicated

When all I want is a part of you
