This fear has me chilled
down to the bone

And I have been haunted by
these things I still have left to say
I'm reary of fighting this alone

So tired of holding on to
strings much better left left to fray

And I said
Hear me now here and now I'm calling

Memories wear me down and this
Seems so complicated
When all I want is just the truth

I'm wilted and faded after all

Too strung out and burnt out to be

Half the man that I could be
I'll never belong inside your world

So black out the sun and leave me
To play out the same old tragedy

And I said
Hear me now here and now I'm calling

Memories wear me down and this
Seems so complicated
When all I want is just the truth

And I said
Hear me now here and now I'm calling

Memories wear me down and this
Seems so complicated
When all I want is just the truth

You're my savior after all
Use your flame to guide me home
And then lay your hand on me

And I said
Hear me now here and now I'm calling

Memories wear me down and this
Seems so complicated

When all I want is just the truth
Hear me now here and now I'm calling

Memories wear me down and this
Seems so complicated
When all I want is a part of you
