Dm F C  
I can't remember a better day  
A one without giving up

It's just not good enough

I need to take this back and slow it down  
Shine your crown  
Dm F C  
I can't pretend I feel the same  
My skin's not thick enough

Bb Dm  
There's no comfort in song  
Bb  
I find it hard to believe

Dm F  
Don't go gently into the good night  
C  
But keep on fighting as the light dies  
Dm F  
A wise man knows that the dark's bright

But we'll keep on coming  
Keep on coming on

The sun will tell you that it's all right

Keep on coming on
