[Primeira Parte]

Em   C
 Took you like a shot
                      G
Thought that I could chase you with a cold evening
          Em   C   G
Let a couple years water down how I'm feeling about you
Em   C
 And every time we talk
              G
Every single word builds up to this moment
              Em   C
And I gotta convince myself I don't want it
              G
Even though I do, ah

[Pré-Refrão]

Em   C   G
 You could break my heart in two
                                Em
But when it heals, it beats for you
                              C   G
I know it's forward, but it's true

[Refrão]

Em   C   G
I wanna hold you when I'm not supposed to
Em   C   G
When I'm lying close to someone else
        Em   C   G
You're stuck in my head and I can't get you out of it
    Em   C
If I could do it all again
N.C.   Em C G   Em C
I know I'd go back to you
G   Em C G   Em C
 I know I'd go back to you (oh-oh)
G
 I know I'd go back to you

[Segunda Parte]

Em   C
 We never got it right
              G
Playing and replaying old conversations
          Em   C
Overthinking every word and I hate it
                      G
'Cause it's not me
Em   C
 And what's the point in hiding?
              G
Everybody knows we got unfinished business
              Em
And I'll regret it if I didn't say
          C   G
This isn't what it could be
