

# Selena Gomez - Make It Happen

Tom: F

(com acordes na forma de E )  
 Capostrate na 1ª casa  
 (capo 1ª casa)

One, two, three. Uh-uh. Ye-oww!

Kick! Ice, Ice. (Laughs)

You won't know anything unless you try

Might end up falling but you just might fly

You know it's all about what you believe

And made with something extra up your sleeve

Listen to what I say

Nothing's getting in our way

There's no fear that can stop us

And no reason to delay

Gonna give it all we got

Yeah we ain't afraid to play

So watch out boy, we're gonna make it happen

I won't be whining 'bout what might've been

You know I'm not too big on giving in (Okay)

I use whatever spell the law allows

That is of course, if I knew how (And she does! Woohh!)

Listen to what I say

Nothing's getting in our way

There's no fear that can stop us

And no reason to delay

Gonna give it all we got

Yeah we ain't afraid to play

So watch out boy, we're gonna make it happen

We're not afraid to fall

Yeah we're going for it all

There's a method to our madness

Yeah we're answering the call

If we used a little magic

Well we really can't recall

All I know is that we're gonna make it happen (Drums) Ye-oww!

## Acordes
