

# Selena Gomez - Sick Of You

Tom: Bb

You know faire tales dont come true  
 Not when it comes to you  
 Opened up for the first time  
 And you can bet that it's the last time  
 And im cool with layng low  
 Saturday night and i'm stayng home  
 I feeling good for the first time  
 It's been a while since the last time  
 I'll wave good bye when you say hello  
 (refrão)  
 I'm sick of the sleepless never-ending nights  
 I just don't care who is wrong or right  
 I'm sick of the rumors and the alibis  
 You tear me up  
 I'll cut you down to size  
 I'm so so so so sick of you  
 So sick of you  
 Sick of all your little lies  
 I'm so so so so sick of you  
 So sick of you  
 Sick of all the girls by your side  
 What you don't know  
 Is how great it feels to let you go  
 I get your game it's so see-through  
 You know i'm way too good for you  
 Movin' on to the next time  
 Drop the baggage and i'll be fine  
 When it's time to reminisce  
 You're gonna realize you miss this  
 You're on mind for the last time  
 And at the most you were a pastime  
 I'll wave good bye when you say hello  
 (refrão)

I'm sick of the sleepless never-ending nights  
 I just don't care who is wrong or right  
 I'm sick of the rumors and the alibis  
 You tear me up  
 I'll cut you down to size  
 I'm so so so so sick of you  
 So sick of you  
 Sick of all your little lies  
 I'm so so so so sick of you  
 So sick of you  
 Sick of all the girls by your side  
 What you don't know  
 Is how great it feels to let you go  
 I'm happir alone  
 Take down your pictures and i'll throw  
 Those memories out the door  
 I'm sick of you  
 So sick of you  
 Sick of all your little lies  
 (refrão)  
 I'm sick of the sleepless never-ending nights  
 I just don't care who is wrong or right  
 I'm sick of the rumors and the alibis  
 You tear me up  
 I'll cut you down to size  
 I'm so so so so sick of you  
 So sick of you  
 Sick of all your little lies  
 I'm so so so so sick of you  
 So sick of you  
 So i'm gettin' on with my life  
 So sick of you, so sick of you, so sick of you, oh-woah  
 So sick of you, so sick of you, so sick of you, oh-woah  
 What you don't know  
 Is how great it feels to let you go
