Tom: E  
Intro: Dbm (4x)

**Dbm**  
I can tell by the way you feel,  
Somethin' ain't goin' your way  
Jeans too tight and your hair ain't right,  
We all get some of those days  
Ohh, throw that mirror away  
Ohh, you know it's gonna be okay

**A**  
Take it down, shake it out,  
On the floor  
You'll get over it,  
**Dbm** **E**  
Let it drop, make it stop, Ohh

**A**  
When you feel like nothing, everybody's something  
You and your friend

**Dbm**  
Everybody jump in, look at us now

**E**  
Everybody shout out, Ohh  
In the spotlight,

**A**  
No matter what's your outside,  
Get it with your inside  
Open your eyes, you deserve the spotlight  
**Dbm** **E**
