

# Selena Gomez - Whiplash

Tom: A

**Dbm**  
Oh baby, moonlights

Hits the spotlight  
**Gbm**  
I'm on my flight  
**Dbm**  
To take you away

I'm feeling so free

You're makin me crazy  
**Gbm**  
That's what you do  
**Dbm**  
That's what you do

Let's go now!

Lickety split  
A girl and a bear

She crawls in a pit  
**Gbm**  
Say hello darling

Twisted insanity

Fallen humanity  
**Dbm**  
All I want is some tranquility

Do you hear me?

Do you hear me?  
**Gbm**  
Well come on, boy

**Dbm**  
come on

And take me to the other side  
**Ab**

I'm gon' away  
**Bb**  
When I look into your eyes

I'm so in love

I think I'm gonna crash  
**Gbm**  
And get whiplash whiplash whiplash  
**Dbm**  
It's up to you  
**Ab**  
And I don't wanna give you clues

We're movin fast  
**Bb**  
I think we got enough to lose

So don't look back or else we're gonna crash

**Gbm**

And get whiplash whiplash whiplash

Verse 2 (same chords)

Like a first kiss  
With a sweet list  
Of some love songs, oh yeah  
And with this melody  
Falling over me  
It makes me weak  
So dang weak  
So let's go now

Lickety split  
A girl and a bear  
She crawls in a pit  
Say hello darling  
Twisted insanity  
Fallen humanity  
All I want is some tranquility  
Do you hear me?  
Do you hear me?  
Well come on, boy  
Well come on

Chorus(same chords)

And take me to the other side  
I'm gon' away  
When I look into your eyes  
I'm so in love  
I think I'm gonna crash  
And get whiplash whiplash whiplash  
It's up to you  
And I don't wanna give you clues  
We're movin fast  
I think we got enough to lose  
So don't look back or else we're gonna crash  
And get whiplash whiplash whiplash
