

Semisonic - California

Tom: **Gb**

the basic progression is **E A D**. It repeats throughout the song with variations in distortion.

On the tab below, a different notation is used. The top row is the melody, the bottom is the drone note which plays along with it on the open string

A string: 9-11 11 9-11 **D** string: 9

D string: 11 9-11 **G** string: 9

G string: 11 9

If someone has a better way of notating this

title "alternate California tab notation". Thanks.

Acordes
