## Semisonic - California

## Tom: Gb

the basic progession is  $\ensuremath{\mathsf{E}}\xspace$  A D. It repeats throughout the song with variations in distortion.

On the tab below, a different notation is used. The top row is the melody, the bottom is the drone note which plays along with it on the open string

## Acordes

A string: 9-11 11 9-11 D string: 9 D string: 11 9-11 G string: 9 G string: 11 9

If someone has a better way of notating this title "alternate California tab notation". Thanks.
