

Semisonic - Gone to the Movies

Tom: C

(C C7 F C F C) 2X

Now the rain comes down the windows and it
 Drops onto the forehead of the waiting boy

He surveys his rental kingdom and he
 Wonders if he's really lost his one joy

Another fool would go down to the
 Only place she ever went to lose herself
 She's gone to the movies now and she don't need your help

(C C7 F C F C)

Now the rain turns into snowfall as the
 City sky reflects the silver street below

And it covers up the cars and the Wall-
 Flowers cd ended half an hour ago

Dm G

Another fool would dig the broken car out from the snow

And drive to find the show

She's gone to the movies now and she's not coming home

She's gone to the movies now and she's not coming home

(C C7 F C F C) 2X

Now he looks around his place and anyways
 There's nowhere she could sit besides the bed

And he wonders if the car will start tomorrow
 Or he'll have to take the bus instead

Any other fool would be out on the roadway
 Trying to spot her rusted Pontiac

She's gone to the movies now and she's not coming back

She's gone to the movies now and she's not coming back
