Sepultura - Show Me The Wrath

Tom: C

From: Kevin Phillips

SHOW ME THE WRATH
off the album MORBID VISIONS

TAB by Kevin Phillips,

Here is some more thrashy stuff from my ancient tab collection. Probably
full of mistakes, but hell.. Should give most of you an idea what to play..
If you fix anything, please email me so I can update my originals..

As always, I put all the riffs first, then I put the structure of the song
after it. This way you can concentrate on learning the riffs then when you've
sussed them out get into putting them together. (x = Palm mute)

Enjoy!
