Intro: Gbm D Bm E
One day I met
    D
Someone that I don't know
One day I asked
      Е
"How did we get us so close?"
Thought I was alone
  D
Then, you said me: "That's you"
Every time I wrote
I heard: "I'm proud of you", yeah
Gbm D
Tell me why are we alike
Bm E
Then, I tell you how much I like you
Gbm D
Never fighted, don't even a spike
  Bm E
'Cause we already passed through
   Gbm D
"I could find the peace I looked for Bm E
The peace you bring to me"
     Gbm
'Cause you believed
     D
And now I'm not the same
 Bm
You changed who I used to be
And I'll be here
For you, to hear
Just you and me
And for everything you need
           Gbm
Can count on me
Don't have to fear
        Bm
My life got Clear
Since I knew you're here for me
Can count on
          Gbm
My first mistake was to think
```

```
Friends are just who we can see
But not who want a part
So, even far, they could be near
And more, per-so-nal-ly
Where would I be
If I never met you?
Rm
How could I see
If who brought the visions were you?
Don't matter what I lost
Matter what I can win
Bm
No more waste of time
That's the value you teached me
Told you why I was upset
"No more friendship", "don't try to ask"
They laughed at me, and I got sad
So, you lifted me, saying I'm the best
        Gbm
"I could find the peace I looked for
The peace you bring to me"
     Gbm
'Cause you believed
          D
And now I'm not the same
 Bm
You changed who I used to be
          Gbm
And I'll be here
For you, to hear
Just you and me
And for everything you need
           Gbm
Can count on me
Don't have to fear
My life got Clear
Since I knew you're here for me
Can count on
