

# Set It Off - The Hounting

Tom: C  
Intro: Am G F E x2

verse 1

Am G  
"Come on in, boy," said the skeletons sitting by her closet door  
F E  
Dirty secrets, empty memories, and broken hearts across the floor  
Am  
I was knocked out, heels over head  
G  
So you dragged me by my feet  
F  
To a ghost town, where you buried me  
E  
No wonder no one heard my screams  
Am G  
Love's so alive, but it died in its sleep  
F  
And now that it's dead, I live in your head and  
E  
I will haunt your fucking dreams

Chorus

Am G F  
No one will love you like I did, will treat you like I did  
E  
So go on, wear that scarlet letter  
Am G F  
No one will love you like I did, will touch you like I did  
E  
So good luck finding something better

verse 2

Am G  
Run away, boy, if you couldn't tell, baby's got a thirst for blood  
F E  
A subtle system, wicked melodies, craving bullets from her gun  
Am G

So entranced they, follow every word, little spirals in their eyes  
F E  
Catch a lover, turn an enemy just to watch them burn alive

Chorus

Am G F  
No one will love you like I did, will treat you like I did  
E  
So go on, wear that scarlet letter  
Am G F  
No one will love you like I did, will touch you like I did  
E  
So good luck finding something better

Bridge

Am G F  
Someday you may find that picture perfect guy  
E Am  
And I'll chase my words with poison  
G F  
Until that day arrives, and swine take to the sky,  
E  
Fill your void with open thighs so,

Chorus

Am G F  
No one will love you like I did, will treat you like I did  
E  
So go on, wear that scarlet letter  
Am G F  
No one will love you like I did, will touch you like I did  
E  
So good luck finding something better

Am G F  
No one will love you like I did, will treat you like I did  
E  
So go on, wear that scarlet letter  
Am G F  
No one will love you like I did, will fuck you like I did  
E Am  
So good luck finding something better
