

Seth Bishop - Shawn Mendes

Tom: E
Intro: Dbm E B

Take me back to the valley^A
We were both happy

Kiss in the rain^{Dbm}
We were Noah and Allie

And even in pain^E you would never come at me

Yeah we were insane^B
And I know you like acting

But girl don't you act like you don't need my protection^A
Even when you'd scream you swore you'd resent me^{Dbm}

Ignored all these hoes^E
They'd tried to go tempt me

But you had to go^B
Go out to tempe

Lately I feel like you never did love me^A
Or else you never would've moved so quickly^{Dbm}

To that other guy, Fuck that other guy^E
Left me in stitches Shawn Mendes type you know tonight^B

I've been walking alone
I've been falling apart^{Dbm}
I've been chasing the moon^E

I've been chasing the stars in the sky, yeah you know they ignite^B

Like the sparks in your eyes, when we kissed the first time^A
And I've been looking for love^A
All I'm finding is pain^{Dbm}
Trying to rise above your name^E
Remember those nights we'd just listen to Shawn^B
Heart like December now that you're gone

Remember the valley you told me you loved me^A
Back in the day when things were easy^{Dbm}
Even in pain you would always believe me^E
Yeah you used to say, that you never would leave me^B

Remember all the things that we said that we would do^A
Remember all the dreams^{Dbm}

That we dreamed that would come true^E
Leave this world behind run away just me and you^B
Can we just rewind live life we used to do^A

You know there's a scar in my heart it bleeds for you^{Dbm}
My world torn apart, do it again just for you^E
We used to lay listen to Shawn all summer^B
You got me fallin don't think I can recover no^A

I've been walking alone^{Dbm}
I've been falling apart^{Dbm}
I've been chasing the moon^E

I've been chasing the stars in the sky, yeah you know they ignite^B
Like the sparks in your eyes, when we kissed the first time^A
And I've been looking for love^A
All I'm finding is pain^{Dbm}
Trying to rise above your name^E
Remember those nights we'd just listen to Shawn^B
Heart like December now that you're gone
