

Seven Angels - Noboby Wants To Live Alone

Tom: C

Falling from my face
 Reflecting my biggest mistake
 I can't live without you

Covering my eyes
 Making me blind, night after night
 I can't live without you

I'll have a chance if the sun shines again
 But rain's falling on me
 I'll have a chance If I look at me
 I know You see me

If I could fly to the sky
 Look through Your eyes
 If I could live inside You
 Nobody wants to live alone
