

Sevendust - Headtrip

Tom: **A**

Tabbed by Jared

TUNING: Drop D, with all string flatted a half step

Intro: Guitar 1 (Lead)

Clean

1a)

Guitar 2 (come in after second repition of first riff, 00:04 seconds)

Distorted

1b)

Both

2)

Guitar 1

With this riff it sounds like Clint is actually using a whammy bar instead of sliding because it sounds too fluid for these notes to be played with a slide. However, it still sounds fine without, for I would only recommend the

whammy if you are good with it (which I am definately not) but either way you play it make sure that you play the full bar because that fourth string is important for the sound

Heavy Distortion

3)

VERSE:

Guitar 2

song to get

CHORUS:

Guitar 1

PROGRESSION:

Intro: (parts 1, 2 then three)
