Tom: C

Parte 1

C F
Sunrise blinded by the morning light
C Dm C G
Already dreaming up tonight
C
And I know

From the love that burns this strong

Refrão

F G
But it's just you and me
C
And we chase our shadows
F
We're waiting for, just waiting for
The sun to go down
G
But until it does
C
We'll chase our shadows
F
And when the night comes
We will run from nothing, my love

F G
But it's just you and me
C
And we chase our shadows
F
We're waiting for, just waiting for
The sun to go down
G
But until it does
C
We'll chase our shadows
F
And when the night comes
We will run from nothing, my love

G
Nothing, my love
C
Nothing, my love
F
Nothing, my love
F
Nothing, my love

Nothing, my love
C
Nothing, my love

Nothing, my love
