

Shaman - Over Your Head

Tom: C

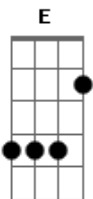

E F
 The sands of gold are falling from the sky tonight
 E F
 The sound; a million voices screaming out
 E F
 The prophecy has moved on with the stars
 E F
 And now I know that I could be the chosen one
 E F
 Oh, the desert breeze had turned to such a storm that night
 E F
 And in my dream I nearly saw his face again
 E F
 Waving me up to come closer to his tent
 E F
 Can't control myself, I'm needing his embrace
 E F
 Looking up over your head
 E F
 Put on my suit, like any other morning time
 E F
 I washed my face in purest water
 E F
 Got brand new shoes - it's good to feel that you're alive
 E F
 But life will get along to something larger than me!

E F
 Looking up over your head
 - I wanna tear through the sky
 E F
 Looking up over your head
 - And be the very first to die
 E F
 Looking up over your head
 - One thousand miles and I'll be there
 E F
 Looking up over your head
 - Just when you look over your head
 C F G Am
 Over your head, inside your mind
 C F
 Visions you've had
 G Am
 Keep passing by
 C F
 Don't be afraid,
 G Am
 Face it instead,
 F G C
 Looking up over your head
 F G Am
 Looking up over your head
