

Shane Macgowan And The Popes - Lonesome Highway

Tom: D
Intro: D G A
D G A

As I wondered down the long lonesome highway
I meet other people on the way
The broken hearted lovers who've been left along the by way
Living by night and hiding from the day
The people I meet as I go on my way
They all have a story to tell
How they once had a lover who left them on the by way
To wonder this lonesome hell

And if you know, don't let me go
And if you know, don't let me go
And if you know, don't let me go
I love you so

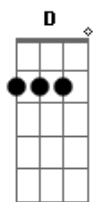

A D G
I love you so
(D G D G D A)
(D G D G A D)

So as I carry on down the long lonesome highway
I meet other people on the way
More broken hearted lovers who've been left along the by way
Living by night and hiding from the day

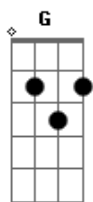

And if you know, don't let me go
And if you know, don't let me go
And if you know, don't let me go

Cause I love you so
I love you so
I love you so
