Intro: D A Bm Bm
        G G A A
                    Bm
I'm independent to a fault, I know this well

D A Bm G A

But I finally found love without losing myself
    D
I'm so much happier sharing my life
All of the good things and bad things alike
                    Bm
I'm not afraid of the truth, I'm not me without you
Because of you, I'm me
                   D
All of a sudden, I'm something I wasn't
      G A Bm
Because of you, I see
Everything I can be, lonely is history
I know that I'm better when we're together
 A G D
Because of you, I'm me
Well, there's nothing wrong with the world
Oh, when you smile
The most beautiful sound I ever heard
Is you breathing at night
When you're asleep and don't know I can hear
                          D
Sounds like an angel whispering in my ear
I don't know what I would do
```
