

Shawn James - Arkansas (Cover)

tom:

```
Oh oh oh Arkansas
               E (forma dos acordes no tom de C )
Capostraste na 4º casa
                                                                                          Δm
                                                              Tell me you mean it when you tell me you love me
                                                                                       \mathsf{Am}
           Capotraste na 4 Casa
                                                              I want to believe you, oh i want to believe you
                                                                   G C Am
Quase todo verso com do refrão "C e Am" você tera que
                                                              Oh oh oh Arkansas
                                                                    G F
                                                                                                         C Cadd9 C
construir o ritmo : fazendo um hammer-on soltando o dedo médio
e em seguida montando os acordes. em caso de duvidas use o
                                                              Fade out, this is where the credits roll all night
video como referência
                                                              Am
I don't recall the last time we spoke
                                                              I don't recall the last time we spoke
                    Am
                                                              You say its my fault, i still don't believe you
You said its my fault, i still don't believe you
    G C Am
                                                                   G C
                                                                            Am
Oh oh oh Arkansas
                                                              Oh oh oh Arkansas
We both know this was a mistake
                                                              Tell me you mean it when you tell me you love me
                                                                                       Am
                    Am
I want to come home, but i need an escape
                                                              I want to believe you, oh i want to believe you
    G C Am
                                                                   G C
Oh oh oh Arkansas
                                                              Oh oh oh Arkansas
   G F
                                                                  G F
Fade out, this is where the credits roll all night
                                                              Fade out, this is where the credits roll all night
                                                              Ohhh ohhh ohhh Arkaaansaaass
Taller than the trees & brighter than starlight
