

Shawn James - Burn The Witch

Tom: E

m

Intro:

The flames lick at my feet

Their hearts full of hate

What they don't understand, they condemn

What they can't comprehend must meet its end

[Primeira Parte]

But I won't scream, won't give them that satisfaction

No I won't confess my false interaction

As I breathe deep and prepare for my passing

I hear them chant, burn the witch
