

# Shawn James - Eating Like Kings

Tom: C  
Intro: Am C G Am

Am C  
I've let the sun set three hundred sixty five times

G Am  
With murder running deep in my heart

Am C  
If I didn't directly pull the trigger

G Am  
I sure as hell played my own part

Am C  
You know that it's a snake eat snake world

G Am  
We slither and serpentine through

Am C  
We all took a bite and six thousand years later

G Am Am  
This apples getting harder to chew

C G Am  
Tonight, boys, we're eating like kings

C G Am  
We've all tasted death too much it seems

C G Am  
Tonight, boys, we're eating like kings

Tonight, boys, we're eating like kings

Am C  
It's been a few years and a couple hundred sunsets

G Am  
Since I fired a rifle in rage

Am C  
A dozen leather couches and substance filled pouches

G Am  
Still I can't fully turn the page

Am C  
You know that it's a snake eat snake world

G Am  
We slither and serpentine through

Am C  
We all took a bite and six thousand years later

G Am Am  
This apples getting harder to chew

C G Am  
Tonight, boys, we're eating like kings

C G Am  
We've all tasted death too much it seems
