

Shawn James - Insane

Tom: G

[Primeira Parte]

C
 Lately I've been thinking that everyone's insane
C
 Lost their minds out in the world and now look whose to blame
G G7 C
 Themselves, but they just can't see that

C
 So pack your bags and leave the past, let's go for a ride
C
 The wind and water carry us, they will be our guides
G G7 C
 Tonight, we'll just sail free

[Refrão]

F Am
 The moon will light our path through these darkened seas, I'm
 sure
F C G

And all the world will stare and wonder where we'll go

[Segunda Parte]

C
 Have you ever though of leaving everything you've ever loved?
C
 Starting over someplace inexplicably unknown
G G7 C
 Oh, that's what I crave

C
 It's the thrill that keeps me going and puts the gleam all in
 my eyes
C
 I adventure just to conquer a new monstrous enterprise
G G7 C
 And all the world is my stage

[Refrão]

F Am
 Well maybe someday you'll see how it all makes sense to me
F C G C
 And then you'll jump on board and we can sail the seven seas
