

Shawn James - Orpheus

Tom: G

Oh my heart had been aching since the day that i
first laid eyes upon you
I knew you were the one

Since that day i have never been the same nobody every could
turn

Me away
Our love had just begun

Then you opened up your heart to me

Oh i never thought our joy would ever come to an end till one
day

You were gone

Through the woods, no care in mind and you were so blind
snake bit and you were gone

I will follow you down even through the gates of hell

I will save your soul

I will make you whole

I will not back down

I will shatter death's crown

I will bring you back to life

I will bring you back to life

Passing by ghost and souls im ade it to the underworld
My fire grew within

My next task a three headed monster and i made it past
I stood before the god of death

I will follow you down even through the gates of hell

I will save your soul

I will make you whole

I will not back down

I will shatter death's crown

I will bring you back to life

I will bring you back to life
