( Em G Am C ) (2x)
Intro: Em G Am C
                                                              Verso 2:
                                                                               Fm
Verso 1:
                                                              So you think you got it all figured out
I woke up to find the earth was round one day
                                                                                   Em G
                        G
                                                              All this money in the bank and women all about
                Em
And all around the world now, things began to change

Em G Am C
                                                                                   Em G
                                                              Well now whatcha gonna do when your ship starts to sink?
Never had I ever seen the sun
                                                              $\operatorname{\textsc{Em}}$ {\ensuremath{\mathsf{G}}} {\ensuremath{\mathsf{Am}}} Caught in a monstrous sea and you won't be able to think
                                                                                   Em
                                                                                              G
        Em G
Rise that way above the day to greet the dawn
                                                              Pré-Refrão:
Pré-Refrão:
                                                                           Am
                                                              Yeah and it's there you'll learn what I know
And the earth shook beneath my feet
                                                                            G Em
                                                              That all of this world will fade
     Am G
And the storm raged through the night
                                                                   Am G
                                                              You gotta learn to let it all go
Am G Em And I lost all that I had won
                                                              Am Am Oh and flow like the river
Oh but I flowed like the river
                                                              Refrão:
                                                                  Em G Am C
Refrão:
   Em G Am C
                                                              Flow o o o ohh
Flow o o o ohh
  Em G Am C
                                                                  Em G Am C
Flow wo wo ooh
                                                              Flow wo wo ooh
                                                              Final 2x: Em G Am C
