

Shawn McDonald - Closer

Tom: E

Looking for a color in a shade of gray
 Looking for a love in a drop of rain
 Trying to find change from the old mundane
 Everything I do just feels the same
 Spending my life out in the desert
 been gone so long feels like forever

I just want to be closer to you
 I just want to be closer
 I am yours
 You can have all of me anything, everything
 I just want to be closer

A day without you is a thousand years
 A day without you is a million tears
 Tell me why do I run when I am in fear
 Why do I run when you are so near
 Spending my life out in the weather
 Been gone so long and I need some shelter

Where ever you go
 Where ever you are
 I just want to be there with You

Chorus 2x

Looking for a color in the shade of gray
 Looking for a love in the drop of rain

Acordes
