Tom: C
Intro: Am C F Am C F

```
Am                        C
Through it all, I?ve been a blind man
F
Fumbling through the dark
Am                       C
And through it all, I?ve been a runaway
   F
A soul with a broken heart
Am                  C
Through it all, you were the only one
F
That believed in who I am
Am             C
Through it all, you never left me
       F
And I?ll never understand
  F         C
How you love me through
                            G          Am            F
C          G
The highs the lows, the fights, the blows, the hurt, the pain
and every tear that falls like rain
      F          C       G      Am   F
G
My heart still beats, in fire and heat, the rise and fall
                                       Am
```

```
Somehow you love me through it all

( C  F  Am  C  F )

Am                         C
Through it all, you've pulled me closer
F
Even when I pushed you away
Am                       C
And through it all, you've been my shelter
F
When I couldn't tell night from day
Am            C
Through it all, you find a way to love
F
Even when I?ve given up on you
Am              C
Through it all, you never leave me
F
And I'll never understand
C                      F
No deep, no wide, no hurt, no fight
C                        G
No life, no death, no tears, no pain
Am                          F
