Tom: Db

(com acordes na forma de Capostrate na 1ª casa )

Am F C  
 Re-rewind Friday night, never forget it, how you let me go  
 Am F C  
 No more lies I'll be fine, know where I'm headed, probably  
 should've known

Am F C  
 And now you're gonna say pretty, please forgive me  
 Am F G  
 Fool me once, told you twice gonna regret it, now you're all  
 alone yeah

Am G F C  
 Turns out that no one can replace me  
 Am G F C  
 I'm permanent, you can't erase me  
 Am G F C  
 I'll help you remember me, one more kiss is all it takes  
 Am G F C  
 I'll leave you with the memory, and the aftertaste

Am F C  
 Close your eyes, you can't hide, try to forget me, but I'm  
 everywhere  
 Am F C  
 I'm the smell on your sheets you weren't ready, when you left  
 me there

Am F C  
 And now you're gonna say pretty, please forgive me, yeah  
 Am F G  
 Bet it hurts, it gets worse, you know nobody, said it would be  
 fair oh

Am G F C  
 Turns out that no one can replace me  
 Am G F C  
 I'm permanent, you can't erase me  
 Am G F C  
 I'll help you remember me, one more kiss is all it takes  
 Am G F C  
 I'll leave you with the memory, and the aftertaste

Dm Am G Dm

 Now there's something in your way, cause you threw it all to  
 waste

 And you wonder if you could take back what you did that day,  
 and it hurts cause

Am G F C  
 Turns out that no one can replace me  
 Am G F C  
 I'm permanent, you can't erase me  
 Am G F C  
 I'll help you remember me, one more kiss is all it takes  
 Am G F C  
 I'll leave you with the memory, and the aftertaste

 Truth is that no one can replace me  
 Am G F C
