 Re-rewind Friday night, never forget it, how you let me go
 Am F C
 No more lies I'll be fine, know where I'm headed, probably should've known

Am F C
 And now you're gonna say pretty, please forgive me
 Am F G
 Fool me once, told you twice gonna regret it, now you're all alone yeah

Am G F C
 Turns out that no one can replace me
 Am G F C
 I'm permanent, you can't erase me
 Am G F C
 I'll help you remember me, one more kiss is all it takes
 Am G F C
 I'll leave you with the memory, and the aftertaste

Am F C
 Close your eyes, you can't hide, try to forget me, but I'm everywhere
 Am F C
 I'm the smell on your sheets you weren't ready, when you left me there
