

Shawn Mendes - Imagination

Tom: C

Intro: Am F C G

Oh, there she goes again, every morning is the same,
 You walk on by my house, I wanna call out your name.
 I wanna tell you how beautiful you are from where I'm standing,
 You got me thinking what we could be 'cause

I keep craving, craving you,
 Don't know it but it's true,
 I can't give my mouth to say the words they wanna say to you.
 This is typical of love,
 Can't wait anymore, won't wait a minute tell ya how I feel when I see us together forever.

In my dreams, you're with me,
 And we'll be everything I want us to be.
 And from there, who knows,
 Maybe this will be the night that we kiss,
 For the first time.
 Or is that just me in my imagination.

We walked, we laughed, we spent our time, walking by the ocean side,
 My hands are jelly intertwined, a feeling I just can't describe.
 All this time we spent alone, thinking we could not be 'lone,
 To something so damn beautiful, so damn beautiful.

I keep craving, craving you,
 Don't know it but it's true,
 I can't give my mouth to say the words they wanna say to you.
 This is typical of love,
 Can't wait anymore, won't wait a minute tell ya how I feel when I see us together forever.

In my dreams, you're with me,
 And we'll be everything I want us to be.
 And from there, who knows,
 Maybe this will be the night that we kiss,
 For the first time.
 Or is that just me in my imagination.

Oooohhh...
 Imagination, imagination
 Oooohhh...
 Ohhh...
 In my dreams, you're with me,
 And we'll be everything I want us to be.
 And from there, who knows,
 Maybe this will be the night that we kiss,
 For the first time.
 Or is that just me in my imagination.

I keep craving, craving you,
 Don't know it but it's true,
 I can't give my mouth to say the words they wanna say to you.
