

Shawn Mendes - Memories

Tom: E

When I wake up to your footsteps
 As you get up out of bed
 They make a sound that sounds so simple
 But it dances in my head

A melody so perfect
 That it gets through the day
 And the thought of us forever
 Is one that I'll never go away

All I need to know is where to start
 Take my hand and show me forever
 So I never will, I'll ever let you go

So let's hold on together
 To this paper and this pen
 And write down every letter
 To every word we've ever said

All I need to know is where to start
 Take my hand and show me forever
 So I never will, I'll ever let you go

Let's write our story
 Let's sing our song

Let's hang our pictures on the wall
 All these precious moments
 That we carved in stone
 Are only memories after all

Memories after all
 Memories after all

And all

You gave me hope
 And I've got to let go
 I've got to let go
 Oh oh

It's taking it's toll
 Deep in my soul
 Now I've got to let go

We wrote our story
 And we sang our songs
 We hung our pictures on the wall
 Now those precious moments
 That we carved in stone
 Are only memories after all
