

# Shawn Mendes - Memories

Tom: E

When I wake up to your footsteps  
 As you get up out of bed  
 They make a sound that sounds so simple  
 But it dances in my head

A melody so perfect  
 That it gets through the day  
 And the thought of us forever  
 Is one that I'll never go away

All I need to know is where to start  
 Take my hand and show me forever  
 So I never will, I'll ever let you go

So let's hold on together  
 To this paper and this pen  
 And write down every letter  
 To every word we've ever said

All I need to know is where to start  
 Take my hand and show me forever  
 So I never will, I'll ever let you go

Let's write our story  
 Let's sing our song

Let's hang our pictures on the wall  
 All these precious moments  
 That we carved in stone  
 Are only memories after all

Memories after all  
 Memories after all

And all  
 You gave me hope  
 And I've got to let go  
 I've got to let go  
 Oh oh

It's taking it's toll  
 Deep in my soul  
 Now I've got to let go

We wrote our story  
 And we sang our songs  
 We hung our pictures on the wall  
 Now those precious moments  
 That we carved in stone  
 Are only memories after all
