Met this girl when I was three or so
 We were holding hands standing toe to toe
 And it felt like an eternity
 Said it felt like an eternity
 'Cause I knew back then we were more than friends
 Two sides of the story in our defense
 And I'll say it once and I'll say it again
 It'll only end up hurting me

Years flew by, was less than twelve
 Long division, I need your help
 Can you come on over and work with me?
 Any time you like and make it work for me
 Cause I knew back when if I get you close
 When the times is right maybe I'll propose
 Baby climb up, show me the ropes

Darling, I want all the strings attached
 I love it when you look at me like that
 And you're the only girl that brings me back
 'Cause, baby, I want all the strings attached
 It's like always and forever
 I won't let the moment pass
 And when I'm with you I feel better
 I want all the strings
 All the strings attached

All the strings attached girl
 All the strings attached girl

So come on girl let me hold your hand
 Let's go get lost, leave without a plane
 And I know you got the world to see
 But you know you mean the world to me

And I know right now you got second thoughts
 Do whatever it takes, babe, whatever the cost, yeah

You know me, not the type of guy
 To sneak around, to do the time
 But you must have me hypnotised

Every night

Darling, I want all the strings attached
 I love it when you look at me like that
 And you're the only girl that brings me back
 'Cause, baby, I want all the strings attached
 It's like always and forever
 I won't let the moment pass
 And when I'm with you I feel better
 I want all the strings

And baby when you fall down, I'll fall too
 And if you get lost, then I'll get lost with you
 And when the waves crash down
 Then baby I won't move, cause I

Need all the strings attached
 I love it when you look at me like that
 And you're the only girl that brings me back
 'Cause, baby, I want all the strings attached
 It's like always and forever
 I won't let the moment pass
 And when I'm with you I feel better
 I want all the strings
 All the strings attached

(G E)

I want all the strings
 All the strings attached
