

She Wants Revenge - Tear You Apart

Tom: **A**

Chorus:

Okay I haven't seen this song anywhere else and I tabbed it out. Play along with it, I it's an easy song to play.

Tuning: **E A D G B E** (Standard)

Difficulty: Easy

Intro: (minor pick scrapes and palm mutes)

Guitar comes in about 1:04 after song starts:

(Verse 1 and 2 and Middle part)

Sometimes riff changes to this (listen to song)

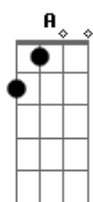

The chorus, it's just that really, there really isn't much.

The middle part is the same thing as the verse with that slide to the 5th fret, just to the song to hit it at the right time.

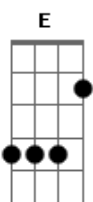

If I catch anything else from this song I'll update it.

if you have any questions
