

Sheryl Crow - Sad Sad World

Tom: **G**

Intro:

(**G** **Em** **C**)

I know you hate me, I see that now

If I was unhappy, I'd be someone you could still care about

I think it's stupid and sad

That everything turned out so bad

And enemies make the most interesting friends

Bridge:

D **G** **C** **Em Am**

I'm gonna write you a long letter

D **G** **C Em Am**

I'm gonna get you on the telephone

D **G** **C** **Em Am**

Three little words to make it all better

D **G** **C** **Em Am**

Maybe I'll leave this whole thing alone

Chorus:

G **Em** **C**

It's a sad, sad world without you in it

G **Em** **C**

And I'm a bad, bad girl for letting you down

G **Em** **C**

And I remember every crazy minute

G **Em** **C**

It's a sad, sad world without you around

(Intro Throughout Verse)

We're too much alike for our own good

We both hate fighting no matter how misunderstood

Bridge:

D **G** **C** **Em Am**

I want to tell you that you're stubborn

D **G** **C** **Em Am**

I want to tell you I never lied

D **G** **C** **Em Am**

I want to tell you that your friends talk way too much

D **G** **C** **Em Am**

I want to know what happened to that friend of mine

Chorus:

G **Em** **C**

Oh it's a sad, sad world without you in it

G **Em** **C**

And I was a bad, bad girl for letting you down

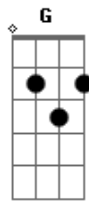

G **Em** **C**

And I remember every crazy minute

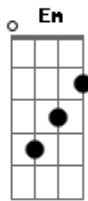

G **Em** **C**

It's a sad, sad world without you around
