

# Sheryl Crow - Safe and Sound

Tom: C

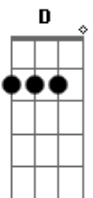

D G Bm A  
 Maybe this is forever, never fades away  
 D G Bm G  
 maybe this is a rocket into space  
 A Am A Am  
 I dont want to be sad, i dont want to break down  
 Dm G D  
 Bb C G  
 after all I wont let go till youre safe and sound x2  
 D Dm C  
 there's beauty in release after all the seas  
 G A  
 for you and me  
 I dont mind that you're crying  
 I know you really try  
 Maybe if I could hold on through the night  
 I don't be lonely I don't want to be scared  
 All our friends are waiting there

Till youre safe and sound x2  
 Theres beauty in release with no-one left to please  
 But you and me  
 D Bb C G  
 Feel like I could have held on  
 Feel like I could have let go  
 Feel like I could have helped you  
 Feel like I could have changed you  
 Feel like I could have held on  
 Feel like I could have let you  
 Feel like I was a stranger  
 Feel like I was an angel  
 Feel like I was a hero  
 Feel like I was a zero  
 Feel like I could have touched you  
 Feel like I could have saved you  
 Feel like I could have held you  
 Feel like I could have moved you  
 Feel like I could have killed you  
 Feel like I could have told you  
 Feel like I could have loved you . . .
