

Sheryl Crow - Safe and Sound

Tom: C

D G Bm A
 Maybe this is forever, never fades away
 D G Bm G
 maybe this is a rocket into space
 A Am A Am
 I dont want to be sad, i dont want to break down
 Dm G D
 Bb C G
 after all I wont let go till youre safe and sound x2
 D Dm C
 there's beauty in release after all the seas
 G A
 for you and me
 I dont mind that you're crying
 I know you really try
 Maybe if I could hold on through the night
 I don't be lonely I don't want to be scared
 All our friends are waiting there

Till youre safe and sound x2
 Theres beauty in release with no-one left to please
 But you and me
 D Bb C G
 Feel like I could have held on
 Feel like I could have let go
 Feel like I could have helped you
 Feel like I could have changed you
 Feel like I could have held on
 Feel like I could have let you
 Feel like I was a stranger
 Feel like I was an angel
 Feel like I was a hero
 Feel like I was a zero
 Feel like I could have touched you
 Feel like I could have saved you
 Feel like I could have held you
 Feel like I could have moved you
 Feel like I could have killed you
 Feel like I could have told you
 Feel like I could have loved you . . .
