

Sheryl Crow - Wildflower

Tom: **Ab**
Intro: finger picked

Into/Verse sequence

Quiet eyes You have always been my
Beauty's lost its way Your heart must
break
I was free Until I heard the song
you sang me to me Pulling me away from
Every thing I knew To be with
you
And everything I know just fades away
And every time you go it hurts me so
I don't know why but I know we're free Free

to fly

(Back to introduction)

Here we are
Burning faster than the cursed star
Falling back down to the Earth
I love you so it sometimes hurts

Closer still
You will find me standing on the hill
Waiting for you with my arms stretched open wide
Now, come inside

And everything I know just fades away
And every time you go it hurts me so
I don't know why but I know we're free
Free to fly

And everything I know just fades away
And where the wildflower grows it picks its space
And that's the way it is when nature plays its lovely hand
We'll understand everything

(Resolves on **F** major)

Everything, everything
