

# Shinigami - In Vain (feat. Kaiyko)

Tom: E

Hey baby, do you ever think of me at night?  
 'Cause I know I think of you, whoa  
 But this is not a fucking love song, I'm numb I feel no pain  
 Besides the ringing in my brain, I just need my space  
 Don't say my name in vain  
 And I know that I spend too much time  
 Burning out and feeling down  
 Feeling down and out running my head into the ground  
 I'm tired of being numb so I'll take  
 I'll take my pain out on those who did no wrong

I know you don't really wanna sleep tonight  
 And that's alright, I'll stay up with you again  
 A memory of you that's always haunting me  
 I'll stay up late, fix my head, erase the tragedy  
 Of you and me, of you and me, a sorry place  
 So wake me up from this never ending dream  
 I'm getting sick and tired of what's on repeat  
 Can we stop and breath? I can't take this, please  
 So baby, where you now? You gave me all the answers  
 Keep me on the phone, but leave me in September

This is how it ends, I don't wanna go any further than this, yeah  
 You give me what I want, but treat me like a stranger  
 Keep me in your heart, but put me into danger  
 Can you hear me now? I am singing loudly for you  
 And this is how the story goes  
 But none of us wanna know where  
 You're gonna end up tomorrow  
 This is how you end up tomorrow  
 And don't you dare get in that car, no  
 Or this'll be the last you'll see of me  
 Or anything and everything you were meant to live to see  
 Now I'm pacing back and forth now, are you still here now?  
 I don't wanna go home wondering if your heart's beating

Baby, is it beating?  
 Tell me this is real 'cause I'm losing hope  
 And you're all that I know  
 No, no no, no, no, no, no, no, no, no  
 I am losing, lose, I'm losing hope  
 No, no, no, no, no, no, no, no, no  
 No, no
