

Shoji Meguro - Life Will Change

Tom: F

m

Intro:

It's not a game
 I'm not a robot AI challenging you
 I'm not a phantom
 I'm in your face and
 I'm here to see it through
 Right before your eyes
 Watch us multiply
 Come to claim our rights it's time

As our power grows
 Tryin' to stop us shows
 (You) Might as well go try'n stop time

So you know that we're out there
 Swatting lies in the making
 Can't move fast without breaking
 Can't hold on or life won't change

(Fm Gb Gm C)
 (Fm Gb Gm C)

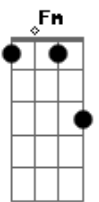

And our voices ring out, yeah
 Took the mask off to feel free
 Fought it out in the debris

Now we know that life will change
 (Fm Ab Bb Fm Gb Gm C)
 (Fm Ab Bb Fm)
 Ain't it a shame
 I'm not a figment of your ailing old mind
 I'm just as real as
 I'm just as dangerous
 As you, so know you'll find
 A taste of your own meds
 Fire in every breath
 Fire inside your head, your heart
 And as your crippled brain
 Tries to fight in vain
 Your empire will fall apart
 And you'll know we were out there
 Swatted lies in the making
 Your empire for the taking
 Can't hold on or life won't change
 And our voices rang out, here
 Took the mask off to feel free
 Fought it out in the debris
 Now we know that life will change
 (Fm Ab Bb Fm Gb Gm C)
 (Fm Ab Bb Fm)
