Tom: G

```
   E
  Mama said
    C
to take care
                D
but you didn't mind
                E
'cause you were blind

E                       C
  When the wind blows
                 D
In an ordinary day
     E
In a different road

E
Yeah, you know
C
Nothing left to say
D
Just another pray
     E
For you

E                       C
  When the sun shines
                        D
It's coming another day
        E
Whith a dark sky

E
Yeah, you know
C
Nothing left to choose
D
Just a single path
     E
For you

E                          C
  You found out your life

Is a fantasy
D
But you're afraid of living
E
The reality

Chorus:
G    A               Bm
Oooh... living and learning
G    A                    Bm
Oooh... you know what it means
G    A               Bm
Oooh... just keep believing
G    A                    Bm
Oooh... and follow your dreams

(E, C, D, E )

E       C
  So, hear my advice
D
Live your life
        E
You'll be alright

E
Yeah, you know
C
Nothing left to be
D
Just move on
     E
And see
Chorus (2x)
